

## City of Carrizo Springs

### Water Emergency Update

### August 12, 2022

As of August 12, 2022, at 4:30 p.m., the City of Carrizo Springs would like to inform the community of the following information.

1. The 20 inch water transition line has been cut and repaired, this water line is the main source of water into the city.
2. Water boosters are running, and the city water utilities are pumping water into the system, this means that the water level will start increasing slowly, as the levels go up the water service will be restored. The water level is expected to be at normal, by Saturday afternoon.
3. All **Boil Water Notices** are still in effect until further notice and samples by lab our cleared.
4. The city will be distributing drinking water, to the residents starting at 5:00 pm. One case per vehicle until out of stock.

Location: Old HEB (400 North 5<sup>th</sup> Street)

5. Non-drinking water will still be distributed at the same location until 9:00 p.m.

Location: Old HEB (400 North 5<sup>th</sup> Street)

We would like to thank the community for your patience and understanding, we would also like to thank all of the different entities that have taken part and are helping during this complicated moment.

If you have any questions concerning this matter, you may contact the City of Carrizo Springs Water Official, Mr. John Camarillo, at 830-876-2476 or call City Hall at the same number. If a customer wishes to reach TCEQ, they may call 512-239- 4691.
